Speaking

Your school has reopened after the summer vacation. Narrate to your friends and experience that made your vacation memorable.

Answer: Sample

During the summer vacation, my father taught me how to ride a bicycle. It was a very memorable experience for me. Every morning, we used to go to the neighbourhood park together. In the beginning, my father used to hold the cycle and help me balance. I used to feel very scared whenever he let go of the cycle. I even fell down quite a few times!

It took me about two weeks to learn to ride steadily. I still lose my balance at times, but that is mostly when I feel scared or while taking a turn. The learning experience has been valuable to me. I learnt that one should never give up. We will be successful if we keep trying.

Dear Pratik

I hope this letter finds you in good health.

I have to share so many things with you! The other day I was thinking about my dream holiday destination, and I realised that I really want to go to Paris. Did you know they have a Disneyland as well? I saw some wonderful videos on the Internet about the rides there. I am so excited to meet all the Disney characters. My favourite is Elsa from Frozen. Mother has said that she will take me to Louvre Museum and Eiffel Tower.

I will tell you more about it when we meet. Write to me about your dream holiday destination when you can. Till then, stay safe and take care.

Your loving friend

Sunil
